

Dear Sponsor,

My name is Kiana Joannie-Broderick. I was born and raised in Guelph, Ontario. I am Micmac Indian through my mom and Inuit through my dad so I have an interesting background. My cousin and I took pictures in high school to be the face of indigenous students. You can still see us on the posters when you go into catholic schools in Guelph.

I am currently studying social work at Lakehead University. I am in my first year of a four year program. This money you sponsored me has made a huge impact in helping me finance this year of University. I appreciate every cent and I am forever grateful.
