

Dear Sponsor of The Ron Jamieson BMO Financial Group Aboriginal Awards:

My name is Joshua Peepeetch, my Band is Sakimay First Nations located in Saskatchewan. I am currently a 3rd year Business Administration student at the University of Regina. I aim to major in marketing. This bursary is the ultimate Christmas present – I can't tell you how excited and grateful I am. When I received the e-mail, I had to stop studying (finals next week!) to tell my friends and family about the award. I have been stressing about financials, as well as personal health problems and this award will help me IMMENSELY. At this point I'm enjoying my University experience, and I would love to work in the music industry with my marketing knowledge in the future. I always wanted to work in the music industry, and I knew that learning Business would be very helpful in my career goals. I am very passionate about writing my own music and would love to help others that want to release music by starting a record label. If my schooling goes well, I would be interested in studying something else because I appreciate the growth and satisfaction that University gives me. I am constantly learning, and by learning more every semester I feel a great sense of accomplishment. Again, I can't begin to thank the sponsors enough for this bursary. It will be used primarily to help with bills and Christmas presents to loved ones this holiday season. I wish to the foundation and whomever reading this to have happy holidays! Thank you so much!

Sincerely,

Joshua Peepeetch
