

Hello! My name is Henry Brass, I am from Peepeekisis band in Treaty 4 territory. I was blessed with having received the "Aboriginal Veterans Scholarship Trust" bursary. This gift proved to help me in the most invaluable way. I had recently been diagnosed with cancer and wasn't able to work alongside my studies and felt a lot of financial hardship but knew continuing my studies was imperative for focus and healing. Life had to go on and your gift allowed me to continue providing for my son and offered relief from the costs of day to day living. Thank you so much. My Great Grandfather Alexander Brass who was an honorably adorned WWI veteran who would be proud of my perseverance. I draw on his accomplishments and memory often and thank you and your organization for honouring our Aboriginal Veterans. We are lucky to have such acknowledgements as yours today. Thank you again for your consideration and gift.

Hiy Hiy!

Henry Brass
