

Dear Sponsor of the Indspire Building Brighter Future: Bursaries, Scholarships and Awards Program,

My name is Phoebe Peggy Oweetaluktuk, originally from Inukjuak Nunavik Qc, currently living in Montreal, studying in Nunavik Sivunitsavut program held by John Abbott College, in the year 2021/2022. This support will make a huge difference with my bills for my SUV, cell phone service and other personal bills that I am struggling with. Also with the household supplies, food and transportation.

I am Interested in going back to Mine Raglan and get back to my Apprenticeship Mining once I'm done with my Nunavik Sivunitsavut program, since I am currently taking a year off from Apprentice Mining. If not, I am Interested in taking a course for Plumbing in the Future. I am also Interested in teaching my people, the next generation of what I learned in the program of Nunavik Sivunitsavut about our culture, language and oral histories.

Thank you so much for your generosity support Indspire! Bursaries, Scholarship and Awards Program.

Phoebe Oweetaluktuk
