

Dear Sponsor of the Aboriginal Health Human Resources Initiative (Medical and Dental Award);

I am writing to thank you for selecting me as the recipient for this Award. I feel honored and am so very grateful for this wonderful financial support which will assist me as I study to become a nurse.

My name is Allie Grace Woodward and I grew up in Newfoundland and Labrador, in a tiny fishing village called North Boat Harbour. I just graduated from high school last June of 2023 and have been fortunate enough to be accepted into the Bachelor of Science in Nursing program, offered at Sir Wilfred Grenfell College. This college is located in Corner Brook, NL and is a 5-6 hour drive from my hometown. I will reside in Corner Brook for the next four years as I complete my nursing degree.

I am presently 18 years old and from a very early age, I have aspired to become a nurse. I am delighted to share with you that I feel confident in having chosen this career path. I am highly interested in the courses of my program and am achieving great success. I am self motivated and am concentrating to perform at my very best, as I pursue my degree in nursing.

Upon reaching my goal of becoming a nurse, it is my hope to continue with nurse studies and educate myself further to become a nurse practitioner. I have a passion for helping others, and I hope to work in rural communities or areas where there is a high need for health care services.

Again, I express my sincerest thanks and gratitude for this award, as it will reduce some of the financial burden that comes with acquiring a Degree in the Science of Nursing.

Thank you for your support!

Sincerely,

Allie Grace Woodward
