

Dear sponsor of the Cenovus Indigenous Scholarship,

My name is Owen Lamb, I am originally from North Battleford, Saskatchewan. Currently I am enrolled in my final year of a business management degree with a major in economics at the University of Alberta Augustana. Augustana is a satellite campus located in Camrose, Alberta, by choosing this institution I was able to continue pursuing my education while also playing hockey competitively. As I am sure you understand being a student athlete comes with many challenges due to the commitment required to be successful both in the classroom and in competition. This makes it difficult to support myself financially throughout the school year and it is thanks to generous support from people like you that I am given the chance to pursue my passions while furthering my education. I am very grateful for your support as it not only helps me financially but also allows me to dedicate more time to school and helps to reduce the stress that comes along with worrying about university expenses.

Throughout all the business classes I have taken in university I have found the accounting ones to be the most engaging. For this reason, I believe that once I graduate, I would like to try and get a position at an accounting firm. I am strongly considering pursuing a CPA. Your generous support will help me a lot as I finish up my education and transition into the workforce. I am very appreciative and would like to thank you for your assistance.

Sincerely,

Owen Lamb
