

Dear Sponsor of the Gordon and Ruth Gooder Charitable Foundation Indigenous Bursary,

My name is Connor Dent, I am a Treaty Three Métis citizen from Fort Frances Ontario. I have successfully attended my first year of study at Sir Sandford Fleming College for Fish and Wildlife Technician. For both Fall and Winter semesters I have attained Academic Achievement recognition from the Dean/Principal of the Fleming School of Environmental & Natural Resource Sciences for high GPA.

I would like to thank you for sponsoring the bursary that I was awarded, as it was used to fund my second semester of study. I plan on being at Fleming for another two years, as when I am finished with my current studies, I hope to join the Conservation and Environmental Law Enforcement program at the school. My goal is to become a Conservation officer, either in Ontario, or the Yukon territory, to help protect the resources that so many people rely on.

Thank you for your generous support,

Connor Dent
