25 OCTOBER 2022

Dear Donor,

**RE: Walmart Canada Indigenous Bursary**

I want to thank you for the Walmart Canada Indigenous Bursary.

Without it, I would not be able to have made my rent for the rest of the semester. I am in my first year at Grant MacEwan University and majoring in mental health and addictions, which I plan to use as a registered Social Worker. I am also involved in volunteer work with Homeward Trust, participating in their homeless count walks and getting surveys from the inner city demographic.

I plan to work with the inner city demographic and excel in my learning of addictions and mental health. I have recent experience working frontline with the inner city demographic; however, I want to further my education to work my way up the ladder.

Overall, my university experience has been life-changing, and you are a part of why I am here. So once again, thank you for donating to the Walmart Canada Indigenous bursary. You have helped me get one step closer to my future success.

Best regards,

**Deidra Boudreau**
